MEDICAL FEE DISPUTE RESOLUTION FINDINGS AND DECISION

GENERAL INFORMATION

Requestor Name

South Texas Health System

Respondent Name

Emerson Electric CO

MFDR Tracking Number

M4-17-1764-01

Carrier's Austin Representative

Box Number 19

MFDR Date Received

February 08, 2017

REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "HRA has been hired by South Texas Health System to audit their Workers Compensation claims. We have found this claim to be underpaid according the fee schedule as detailed in Rule 134.403 stating the fee schedule is 200% of the applicable Medicare payment regardless of billed amount. Our calculations show an allowable of \$3473.70. Based on your payment of \$2,003.14, you owe a balance of \$1,470.56."

Amount in Dispute: \$999.35

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "We base our payments on the Texas Fee Guidelines and the Texas Department of Insurance Division of Workers' Compensation Acts and Rules.

For services of February 7, 2016 at McAllen Hospitals of the South TX health System, reimbursement was issued on September 1, 2016 in the amount of \$2003.14."

Response Submitted by: Liberty Mutual Insurance

SUMMARY OF FINDINGS

Dates of Service	Disputed Services	Amount In Dispute	Amount Due
February 07, 2016 to February 08, 2016	Outpatient Hospital Services	\$999.35	\$0.00

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.

2. 28 Texas Administrative Code §134.403 sets out the acute care hospital fee guideline for outpatient services.
3. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
 - Z652 – Recommendation of payment has been based on a procedure code which best describes services rendered
 - P300 – Charge exceeds fee schedule/maximum allowable or contracted/legislated fee arrangement
 - MPOS – Services reduced to the outpatient perspective payment system
 - MP86 – Recommended reimbursement is based on CMS Hospital Outpatient Composite APC
 - Z710 – The charge for this procedure exceeds the fee schedule allowance
 - 193 – CPT or HCPC is required to determine if services are payable
 - W3 – CPT or HCPC is required to determine if services
 - MSIN – This is a packaged item. Services or procedures included in the APC rate, but not paid separately

Issues

1. Are the disputed services subject to a contractual agreement between the parties to this dispute?
2. What is the applicable rule for determining reimbursement for the disputed services?
3. What is the recommended payment amount for the services in dispute?
4. Is the requestor entitled to additional reimbursement?

Findings

1. Review of the submitted documentation finds no information to support that the disputed services are subject to a contractual agreement between the parties to this dispute.
2. This dispute relates to outpatient hospital facility services with reimbursement subject to the provisions of 28 Texas Administrative Code §134.403, which requires that the reimbursement calculation used for establishing the maximum allowable reimbursement (MAR) shall be the Medicare facility specific amount, including outlier payment amounts, determined by applying the most recently adopted and effective Medicare Outpatient Prospective Payment System (OPPS) reimbursement formula and factors as published annually in the Federal Register with the application of minimal modifications as set forth in the rule. Per §134.403(f)(1), the sum of the Medicare facility specific reimbursement amount and any applicable outlier payment amount shall be multiplied by 200 percent, unless a facility or surgical implant provider requests separate reimbursement of implantables. Review of the submitted documentation finds that separate reimbursement for implantables was not requested. Under the Medicare Outpatient Prospective Payment System (OPPS), each billed service is assigned an Ambulatory Payment Classification (APC) based on the procedure code used, the supporting documentation and the other services that appear on the bill. A payment rate is established for each APC. Depending on the services provided, hospitals may be paid for more than one APC per encounter. Payment for ancillary and supportive items and services, including services that are billed without procedure codes, is packaged into payment for the primary service. A full list of APCs is published quarterly in the OPPS final rules, which are publicly available through the Centers for Medicare and Medicaid Services (CMS) website. Reimbursement for the disputed services is calculated as follows:
 - Procedure code 71010 has status indicator Q3 denoting conditionally packaged codes paid through a composite APC if OPPS criteria are met. However, packaging criteria are not met. This item is not assigned to a composite APC and is eligible for separate payment.
 - Procedure code 70450 has status indicator Q3 denoting conditionally packaged codes paid through a composite APC if OPPS criteria are met. However, packaging criteria are not met. This item is not assigned to a composite APC and is eligible for separate payment.
 - Procedure code 70486 has status indicator Q3 denoting conditionally packaged codes paid through a composite APC if OPPS criteria are met. However, packaging criteria are not met. This item is not assigned to a composite APC and is eligible for separate payment.
 - Procedure code 71260 has status indicator Q3 denoting conditionally packaged codes paid through a composite APC if OPPS criteria are met. However, packaging criteria are not met. This item is not assigned to a composite APC and is eligible for separate payment.

- Procedure code 72125 has status indicator Q3 denoting conditionally packaged codes paid through a composite APC if OPPS criteria are met. However, packaging criteria are not met. This item is not assigned to a composite APC and is eligible for separate payment.
 - Procedure code 99285 has status indicator J2 denoting hospital, clinic or emergency room visits (including observation and critical care services) subject to composite payment if certain other services are billed in combination. This is classified under APC 5025, which, per OPPS Addendum A, has a payment rate of \$486.04. This amount multiplied by 60% yields an unadjusted labor-related amount of \$291.62. This amount multiplied by the facility's annual wage index of 0.7989 yields an adjusted labor-related amount of \$232.98. The non-labor related portion is 40% of the APC rate or \$194.42. The sum of the labor and non-labor related amounts is \$427.40. The cost of these services does not exceed the annual fixed-dollar threshold of \$3,250. The outlier payment is \$0. The Medicare facility specific reimbursement for this line is \$427.40. This amount multiplied by 200% yields a MAR of \$854.80.
 - Procedure code 93005, date of service February 8, 2016, has status indicator Q1 denoting STVX-packaged codes; reimbursement for these services is packaged into the payment for any other procedures with status indicators S, T, V, or X billed on the same claim. This code may be separately payable only if no other such procedures are billed the same day.
 - Procedure code 90471 has status indicator S denoting a significant OPPS procedure with separate APC payment — not subject to multiple-procedure discounting. This is classified under APC 5692, which, per OPPS Addendum A, has a payment rate of \$42.31. This amount multiplied by 60% yields an unadjusted labor-related amount of \$25.39. This amount multiplied by the facility's annual wage index of 0.7989 yields an adjusted labor-related amount of \$20.28. The non-labor related portion is 40% of the APC rate or \$16.92. The sum of the labor and non-labor related amounts is \$37.20. The cost of these services does not exceed the annual fixed-dollar threshold of \$3,250. The outlier payment is \$0. The Medicare facility specific reimbursement for this line is \$37.20. This amount multiplied by 200% yields a MAR of \$74.40.
3. The total allowable reimbursement for the services in dispute is \$1,308.16. This amount less the total paid by the insurance carrier of \$2,003.14 leaves an amount due to the requestor of \$0.00. No additional reimbursement can be recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has not established that additional reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
